In res Application No. 27187 by *
the City of Bremerton for Right *
of Way for Sewer Outfall over *
Certain State Land in Kitsap County *

ORDER
AND
CERTIFICATE OF GRANT
OF
RIGHT OF WAY

It appearing to the Commissioner of Public Lands at this time that Application No. 27187 has been filed in this office by the City of Bremerton for an easement for a right of way for a sewer outfall over a portion of the harbor area in front of High Avenue, Plat of O'Maraville, a recorded plat in portions of Government Lots 1 and 2, Section 14, Township 24 North, Range 1 East, W.M., in Kitsap County; and

It further appearing that the applicant is a municipal corporation proposing to construct over said land covered by Application No. 27187 a sewer outfall; that the land within the right of way so applied for is limited to an amount necessary for the purpose required, together with sufficient land on either side thereof for ingress and egress to maintain and repair the same; and

It further appearing that there is no merchantable timber on the area covered by said application; and the Commissioner being fully advised and believing that an easement for right of way should be granted, it is therefore

ORDERED and DETERMINED that the full value of the land included in said Application No. 27187 is hereby fixed at \$50.00; that the total amount, together with the statutory fee, has been paid; and the right, power, privilege and authority to construct, operate and maintain a sewer outfall upon and over the land hereinafter described may be exercised in accordance with the statutes; the land included within the right of way being more particularly described as follows:

The harbor area in front of the east 30 feet of Government Lot 1 and the west 30 feet of Government Lot 2 (High Avenue) Section 14, Township 24 North, Range 1 East, W.M., bounded by the inner and outer harbor lines and the side lines of said portions of Lots 1 and 2 produced to and across the harbor area to the outer harbor line as shown on the plat thereof on file in the office of the Commissioner of Public Lands at Olympia, Washington.

PROVIDED, however, that the State reserves unto itself, its successors or assigns, the right to cross this right of way at any and all times in connection with the use of the adjoining property.

Dated this 16th day of August, A. D., 1961.

SOIL—Examine closely, and make soil tests by ten-acre tracts, and report fully as to the character of soil and sub-soil, surface conditions, kinds of crops or products the land will yield, with estimates or amounts per acre. Also whether the land requires irrigation and if so, whether water is available and how or by what method can water be applied.

How many acres agricultural?.....; pastoral?.....; scrub?.....

Can the land be irrigated?..... If so, state the source and condition of the water supply

What is the present market value of the land, exclusive of timber and improvements? (Answer by legal subdivisions and, if necessary by ten-acre tracts.)

NOTE: Improvements for the purpose of this report include fencing, diking, draining, ditching, houses, barns, shelters, wells, slashings, clearing, orchards, breaking, and everything that has changed the land from its natural state.

Describe all improvements in detail, and state the value of each item separately:

(Read questions carefully before commencing to answer. Full, correct and complete answers to all questions must be made.)

On what government forty-acre tracts are the improvements situated? (Answer by items).....

When were the improvements made and by whom? (Answer fully as to each item).....

Who is the owner of the several items of improvement? (Answer fully as to each item, giving P. O. address of owner).....

Name of nearest railroad and distance therefrom.....miles

Nearest river or water course and how far distant.....miles

Nearest shipping point.....miles

If there is timber on the land, what is its extent, character and value?.....

Report fully any indications of the presence of minerals, including coal; also building stone, lime stone, etc.)

Value of stone on land, \$.....; kind, quality and extent.....

Present rental value:

Agricultural land, \$.....per acre per annum.

Grazing land, \$.....per acre per annum.

What are the number of acres of tillable and arable land....., and on what government 40-acre tracts situated?..... Show in topography.....

What are the number of acres of grazing land....., and on what government 40-acre tract situated?.....

What are the number of acres of natural hay land....., and on what government 40-acre tract situated?.....

Is any person occupying said land? If so, who?.....

P. O. address....., what portion?.....

and how long has he occupied same?.....and under what claim?.....

Can payment for use and occupancy be collected if the land is being used without authority?.....

How many acres are under cultivation?.....

How many acres are being used as grazing lands?.....

What is being raised on the land?.....

What is the.....annual yield per acre?.....

Market price at nearest shipping point?.....

Does the land contain stock water?.....

NOTE: Do not omit information reasonably called for by the brief headings, or questions printed herein. Be sure and insert all information, even though you may think it unimportant. Write fully and specifically.

NOTE: INSPECTOR READ AND REMEMBER—Answer every question fully, or if it does not apply to the case check it, thus indicating it has not been overlooked. If you do not find sufficient space following question, number question and complete answer under "General Remarks." Inspector, remember you do not appraise values. You merely furnish information that will enable the Department to determine values.

GENERAL REMARKS

Said Harbor Area was inspected at 4:00 P M DST on June 5, 1961.

There was approximately 1 chain of beach exposed. The slope was approximately 7%. The beach was covered with rock about 1" diameter and about 75% of the area was covered with algae. There was no evidence of oysters or clams. There were no improvements on the adjacent tidelands.

The uplands rise abruptly for about 40 feet to the paved High Avenue. The bank is covered with grass and shrub growth.

It is recommended that the right of way be granted to the City of Bremerton for the storm sewer outfall.

IF INSPECTOR DOES NOT ANSWER ALL QUESTIONS (or check them, thus indicating they have not been overlooked) THIS REPORT WILL BE RETURNED FOR CORRECTION

REPORT OF ENGINEER

Olympia, May 15, 1961

To the Honorable Commissioner of Public Lands, Olympia, Wash.:

SIR: I herewith submit the following report on Application No. 27187 by the City of Bremerton, City Hall, Bremerton, Washington for an easement for right of way for storm sewer outfall over a portion of the harbor area in front of High Avenue, Plat of O'Maraville, a recorded plat in portions of Government Lots 1 and 2, Section 14, Township 24 North, Range 1 East, W.M., located in the city and port of Bremerton.

The harbor area over which the right of way is desired was last covered by a harbor area lease No. 1421 issued to the City of Bremerton for a term of 10 years from August 9, 1948 under Application No. 1460. The desired area is now included in pending Application to Lease No. 1741 by the City of Bremerton which is in the process of being cancelled in favor of this application for easement for right of way.

The applicant states that a 60 foot right of way is desired for storm sewer outfall, that the land is not occupied or under lease and that there are no improvements other than storm sewer outfall or timber on the desired area.

The description follows:

The harbor area in front of the east 30 feet of Government Lot 1 and the west 30 feet of Government Lot 2 (High Avenue) Section 14, Township 24 North, Range 1 East, W.M., bounded by the inner and outer harbor lines and the side lines of said portions of Lots 1 and 2 produced to and across the harbor area to the outer harbor line as shown on the plat thereof on file in the office of the Commissioner of Public Lands at Olympia, Washington.

Application for Right of Way Over State Lands

Application No.

Filed

TO THE COMMISSIONER OF PUBLIC LANDS:

The subscriber hereto respectfully applies for an easement for right of way for storm sewer outfall over lands situated in the County of Kitsap *Bremerton Tide Lands Plate 5*, State of Washington, shown on the official plat thereof accompanying this application (see rules governing submission of plats on the

The East 30 feet of Lot 1, Section 14 and the west 30 feet of Lot 2 (High Avenue), Section 14, Township 24 North, Range 1 East, W.M. and bounded by the inner and the outer harbor lines and the side lines of said portions of Lots 1 and 2 produced to and across the harbor area to the outer harbor line, as shown on the official maps of Bremerton Tide Lands on file in the office of the Commissioner of Public Lands at Olympia, Washington.

Is any person living on the land, or is it occupied in part or under lease? No

Same as HA 1460 & pending HA 1741

What is the name and address of the occupant or lessee? City of Bremerton,

City Hall, Bremerton, Washington

R/W app filed in accordance with letter on file in HA 1741

What is the width of the desired right of way? 60 feet

Are there any improvements whatever on the right of way, giving name and address of owner?

None, other than storm sewer outfall

Is there any timber, either merchantable or young growth, on the right of way? No

Located in the City and Port of Bremerton

Give description of land on which timber or other materials are located which are to be transported over this right of way. Are you the owner of such timber or materials? If not, who is the owner?

The right of way is desired for years. (This question relates to logging load rights of way only.)

If applicant is a corporation, are articles of incorporation on file in the office of the Secretary of State?

(Municipal Corporation)

Application for Right of Way Over State Lands

Application No.

Filed

TO THE COMMISSIONER OF PUBLIC LANDS:

The subscriber hereto respectfully applies for an easement for right of way for storm sewer outfall over lands situated in the County of Kitsap *Bremerton Title Lands Plate 5*, State of Washington, shown on the official plat thereof accompanying this application (see rules governing submission of plats on the reverse side of this form) and described as follows (Describe portions crossed by right of way by legal divisions) HA in front High Avenue, Plat of O'Maraville

a recorded plat in per Gov Lots 1 and 2
Section 11, Township 24, North of Range 1 E, W. M.

Is any person living on the land, or is it occupied in part or under lease? No

Same as HA 1460 & pending HA 1741

What is the name and address of the occupant or lessee? City of Bremerton,
City Hall, Bremerton, Washington

Plw app filed in accordance with letter on file in HA 1741
What is the width of the desired right of way? 60 feet

Are there any improvements whatever on the right of way, giving name and address of owner?
None, other than storm sewer outfall

Is there any timber, either merchantable or young growth, on the right of way? No

Located in the City and Port of Bremerton

Give description of land on which timber or other materials are located which are to be transported over this right of way. Are you the owner of such timber or materials? If not, who is the owner?

The right of way is desired for years. (This question relates to logging load rights of way only.)

If applicant is a corporation, are articles of incorporation on file in the office of the Secretary of State?

Rules Governing the Submission of Plats Accompanying Petitions for Rights of Way

1. Accompanying each application and made a part thereof, shall be a map showing the right of way covered by the application.
2. Maps must be prepared on a good quality of mounted paper, size 17 inches by 23 inches, scale 400 feet to the inch. Unless by special permission, but one section should be shown on each plat.
3. Give distance to nearest government corners from the point of intersection of the center line of the right of way with the sectional lines, both entering and leaving section, unless such road ends on a government meander line in which case the meander notes connecting such end of road with nearest government meander corner must be given.
4. Give the regular alignment notes of the survey including all curve data. If the right of way enters or leaves the section on a curve, show the bearing of the tangent to the curve at the point of intersection.
5. Give the area of the right of way in each legal subdivision (Government lot or 40 acre tract).
6. Place the certificate of the official engineer upon each plat submitted.
7. All plats must be certified to be accurate, signed and sealed by a registered professional engineer or land surveyor. (Chap. 283, Laws of 1947.) The plat should be carefully checked by the engineer or surveyor before submission. Plats found to be inaccurate will be returned, delaying action on the application.
8. Give any other data that will be of service in the thorough understanding of the plat submitted.

What is the name of the person or persons who own the land?

What is the name and address of the applicant or person?

What is the name and address of the applicant or person?

Is this person named on the plat? or has occurred in past or future?
